THANKBOIVING DAY.

There is a certain propriety in making Thanksgiving Day a day for the rendering of thanks. To be completely successful as such it should be borne in mind that the stomach is not the organ of gratitude, and hence the full function of Thanksgiving Day is not moved. How much harder it would be for peforrmed by filling that interesting cavity a woman to undergo such a deprivation. with the juiclest of roast turkeys, the best of cranberry sauce, and the richest of mince

The other night, at the opening meeting o the Tale Alumni Association, Dr. Chauncey Mirchell Depew told the story of his visit to the Passion Play at Oberammergan last Sammer in a manner that brought tears to the eyes of several venerable Connecticut clergymen present. Pitiful Tale of Little Gracie Sher-

wood's Invalid Mamma.

The Lambs' Club's Travesty of "The Clemenceau Case,"

Little Gracie Sherwood, the " cute" child who is so prettily mamma'd by Miss Jennie Yesmans in " Blue Jeans," at the Fourteent Street Theatre, is the daughter of Asa R. Water man, the Brooklyn manager who was recently tried for murder. Gracle has been living with her mother, who goes by the name of Mrs Sherwood, but the lady has been very ill, and Manager Rosenquert has been obliged to hire a trained nurse to look after her. Yesterday Mr. Giles, of Manager Rosenquest's forces, re ceived a very pitiful letter, asking that Mrs. Waterman be sent to the hospital, as she had tried to jump from the window, and wes at imes upcontrollable. Little Gracie, since her mother's illness, ha

been taken care of by different members of the company. Miss Judith Beroide has had charge of her. Mr. Giles was at his with end. He did not know what to do for the best. Appeals have been made to the Actors' Fund, and Mrs. Waterman will probably be cared for. Gracie n her part in " Blue Jeans" has to ask wher her papa is. The story of her own little life to s intricate as the web woven by Mr. Arthur. She often asks the same question when she is not upon the stage.

Tae Lambe' Club seems to have had a very jovial time of it on Sunday night, according to a little story that has coxed from the organization's exclusiveness. It is said that a travesty of "The Clemenceau Case" was presented for the delectation of the members, and that young Harry Woodruff, of the Madison Square Theatre, appeared as Izs, ion a pedestal. "And be looked lovely,", was the comment made upon his appearance. Sibyl John-stone, Estelle Clayton, Laura Biggar. Jennie Joice and Harry Woodruff-whew! what an army of Izas.

Frank Mayo and company closed for two weeks in Columbus the other night. Harry Courtains, one of the members of the compupy, is now in New York. The pastime known as "laying off" is very popular at this time of year. Many organizations haven't got the moral courage to take the holiday. Som of them invariably suffer for this. Miss Leonora Bradley has been indulging in

a few little "legalities." She was recently member of Edwin Arden's ** Ragian's Way a member of Edwin Arden's "Raglan's Way" company, and she was obliged to attach Mr. Arden's belongings. This ane did with much alactity and complete success. Mr. Arden, ane says, was obliged to finish the performance upon the night in question in his street clothes. "I had the satisfaction," said Miss Bradley, "of making it uncomfortable for him." As a role actors and actresses are afraid to assert their rights, for fear they may be "queered" next season. Consequently many of them get left. It the "jeriesa" boasted of more pinck among its members there would be fewer stories of distressing managerial neglect to be told.

The irrepressible Teddy Solomon, now of London, is at work upon a comic opera with the redoubtable Heary Petitit. The name of the opera is to be "The Balliff's Daughter." Miss Jennie Hill is to sail from England for Tony Pastor's Theatre on the Teutonic Jan. 28.

The gifts, which you will never miss or feel the want of, will bring weeks, perhaps months, of childish joy and gratification to many squalid homes.

The choosing sensation which was always present during the inglitude and the cause of great entirering. I woke so in the morbing, after a night of restless tossing, as irred as if I had been sawing wood all night less instead of lying in a bed. I was more fatigued than when I came from a hard day's work in the seening. I read of Doctors McCoy and Wildman and went to see them. I was put under treatment on Aug. 12 last. I have not been near their office for a number of weeks now, for I am completely oured and have of weeks now, for I am completely oured and have
